From the Principal's Desk

With a strong belief that success and achievements should be celebrated, the college newsletter is an endeavor to record all memorable moments highlighting the efforts of students, faculty and the college. In this academic session, I extend a hearty welcome to all the freshers who are now an integral part of Subodh college which stands tall and mighty like a huge sprawling tree of knowledge and wisdom in the heart of the city. The credit for the unprecedented success of this college goes to the philanthropists who laid the foundation of "Su-bodh" more than 100 years ago. "Ignited mind is the most powerful resource on earth" said Dr. Abdul Kalam. Students of today are the future of our nation. Holding a similar belief, the mission and

values ever since inception have been carried forward by the committed staff who do their duty with relentless devotion, passion and fervor. In the past academic session, we excelled on all fronts-academic, societal, sports, community service and research. We, the Subodh College, has been ranked in the topmost positions in several surveys and ratings conducted by renowned agencies and I am proud to share that many of our student alumni have achieved tremendous success in many walks of life. Students, let us all invoke the blessings of Goddess Saraswati as we march ahead and gear up to myriad challenges. *Tamaso ma jyotirgamaya* - through the process of learning, let us remove the ignorance and get the light of true wisdom.

शिक्षक शिक्षा सुबोध सृजन व संस्कृति

डॉ चेतना प्रधान जैन
पर्यावरण अध्ययन विभाग

शिक्षा क्षेत्र में अभिप्रेक्षित विचारों के अंतर्गत सर्वप्रथम शिक्षक का माहात्म्य आता है। शिक्षक ही शिक्षा का सृजनकर्ता है और निरंतर रहेगा। उसके पश्चात ही विकास होता है। हमारी शिक्षा का व उसकी प्रणाली का जो कि आगे जाकर सुगम संचालित होती है। सुबोध एक हितकरी मानव जीवन की और संप्रेषित होने वाली बोधक सोच है। जिसका सिद्धांत एक मर्यादित, सुनियोजित, मानव पटल का परिचायक है। जो बोध हमें स्वः से ज्ञात होता है वही सुबोध कहलाता है। यह बोध यदि हम ज्ञानवर्धक दृष्टि के माध्यम से देखे तो हमें इसके अन्तर उद्देश्य की प्राप्ति होगी जो यह दर्शाती है कि ज्ञान के अर्जन के लिए, उसकी प्राप्ति के लिए, एक संतुलित मानसिकता की आवश्यकता होती है, जो हमें समग्र ज्ञान पटल पर लेकर जाती है। और इसी से निर्माण होता है, एक नवकार के सृजन का, जो हमारी संस्कृति को अभिभाषित करता है।

संस्कृति एक सुकृति है, जो एक सार्वभौमिक शिक्षित समाज का दर्पण है। शिक्षक, एक सुसंस्कृत समाज की धुरी है, एक नींव की ईंट है, जो कि हमारे नौनिहालों की शिक्षा की आधारशिला रखता है। मानव जीवन एक समदर्शिका है, जो निरंतर विचारों को निशपादित कर उनका अदान-प्रदान करता है। उदाहरणार्थ देखा जाए तो युद्ध मानव-मस्तिष्क की उपज है, ये एक सर्वभौमिक सत्य है। हमें ऐसे ही घातक परिणामों को परास्त करते हुए, एक प्रशस्त प्रगति के मार्ग पर चलने के लिए प्रेरित करता है। शिक्षा के माध्यम से ही हम सभी प्रकार के दिग्भ्रमों को दूर कर सकते हैं। शिक्षक हमारे मार्गदर्शक हैं, पथप्रदर्शक हैं, जो शिक्षा के माध्यम से छात्रों को सुसंस्कारित करने में सक्षम हैं। यह हमारी आने वाली नवीन संस्कृति का समागम है। और यही सुबोध की उत्पत्ति है, उद्बोधिका है। इसके लिए सभी का सामंजस्य अति अनिवार्य है। आज समय अनेकानेक मिथ्यों का साक्षी है, जो हमारी युवा पीढ़ी को अतिभौतिक सुख सुविधाओं की और अग्रसर कर रहा है। विकास और नवीनीकरण परम आवश्यक है, परन्तु वह सतत होना चाहिए। क्षेत्र चाहे, शिक्षा का हो, पारिवारिक हो, व्यावसायिक हो, या पर्यावरणीय हो, सभी को एक समग्र सतत विकास की आवश्यकता है। शिक्षा ही संस्कारों की जननी है, जो हमारे समाज की परिचायक है। सत् विचारों का नवीनीकरण व निरंतर आदान प्रदान अति आवश्यक है। यही एक सुनियोजित रणनीति है, जो आने वाले समय का साक्ष्य है। शिक्षक द्वारा शिक्षा, उसके अनुरूप सद्ज्ञान द्वारा सुबोध का भाव व तटस्थ सृजन से एक सुसंस्कृति का निर्माण ही हमारा सतत विकास का सोपान है।

Confidence

Dr. Namita Chouhan
Department of English

Sometimes high sometimes low
Sometimes fast and sometimes slow
Sometimes good and sometimes bad
why do you fickle so much? Why don't
always you remain intact?

You take us to the top of the world
And sometimes we are not noticed in the
herd
Why don't you remain steady and
upright? What is it, that is there in your
mind?

AND THE CONFIDENCE
REPLIED...

My dear Human believe me as I never lie
Listen to me carefully what I intend to
say and try

Don't confuse my intentions as fleeting
or bad

Everyone is dear to me and You
specially 'You' have always had

Don't confront me for the crime I never
did

Look for me in your heart where I have
always lived

I never had abandoned you in your worst
of the times

I always lived within you, never left the
boundaries or lines

I am inbuilt in your own personality

I am the part of You, 'You' are my
locality

It is you who push me sometimes in deep
down dark corners of your heart

That is the place where I suffocate and
regret to be your part

Give me your hand and bring me on the
surface

Let me breathe freshly and acknowledge
my presence

Let everyone find me in your smile

Regard me as your own and you are
mine

Greet me with your sincerity conduct
and appearance

Let your smile have my resemblance

The Falling Leaf

Dr. Hitesh Pareek
Department of Environmental Science

Each falling leaf has a message to share.

No matter what happens in life, never stop to care.

The moment a leaf sprouts from a seed,
It starts giving the breath of life that all organisms need.

Gradually the leaf grows both in size and stature,
But that doesn't affect the leaf's caring nature.

As it further grows in size it even starts giving shade.
When the capabilities improve, improves the ways you aid.

In the end the leaf relinquishes the branch when it is time to surrender
In a bit to save the tree from the approaching winter.

The leaf falls as gracefully as a floating feather,
Returning to the soil and nourishing it like a mother.

I Write to Fight

Yuvraj Pareek
BBA Semester III

Yes, I write,

I write 'cause I think it's right.

I write 'cause that's what you do
when you glide in your downs &
don't get high.

Might fight, set tight but if it's what
needed to make me calm, I write.

Waking up, running through the day,
Hustle & Bustle, in the meantime I write.

The moment when I get through it (failures),

The moment I know how to
overcome this, I again write.

It's nothing but the aura of the
moment, nothing but the pride.

Maybe it's the energy why I write, or
maybe I write because I'm still me inside.

I think it's right to write,

I think it's right to fight.

Hollowness in you creaking the
way out of it,

Screaming in pain making you insane,
'cause it's you who were knocked
out, it's you who can come over with this,
You do can beat this up, but only if
you stood up and fight.

Yes, I write,

I write because my failures aren't stopping.

I write because my hurdles aren't
just getting big it's never-ending.

I write because that makes me feel right.

Dreaming heights, imaginary sights,
Silenced days, and sleepless nights.

Thinking loud but still too quiet.

Achieving the lion's pride.

Running alone to be the wolf,

Running farther to grow too soon.

This was mine, the journey to fight,
What could be yours, it's you who decide.

One thing, to keep in mind,

Stand tight and always fight.

Human Trafficking in India

Punit Kothari
BBA Semester III

यूँ शराफत की कमीज ओढ़कर अपनी ढीली पतलून छुपाने चले हैं,
ये तस्करी करने वाले आज नारीवाद के मोर्चे निकालने चले हैं।

What is human trafficking?

Human trafficking is the trade of humans most commonly for the purpose of sexual slavery, forced labour or commercial sexual exploitation for the traffickers or others. This is the acquisition of people by the improper means such as force, fraud or deception with the aim of exploiting them.

People included in such racket digs money about \$150bn every year. Now we can split the victims of HUMAN TRAFFICKING into the following. Out of 100%, 71% of women & girls and men & boys together makes to the rest 29%. There are 21 million victims worldwide. Out of which 54% are of sexual exploitation, 38% forced labour and 8% other purposes, including organ trafficking. As per the officials estimates 15 children go missing every hour in India and 8 are never found. That is nearly 50% of it. We all are very acquainted with the term human trafficking or it is sometime referred as modern-day slavery which has become a large exercise in contemporary times from beyond few years. After drug and arms, human trafficking is the third most heinous global crimes.

We only wakeup when there is a horrifying blood curdling incidents, we rush to the streets to express our concern, seek stringent laws, and call for death for every criminal in the world in these dastardly acts, but soon enough these incidents are blotted out from public memory until the next horror incident takes over. Despite reports almost every day with time we have become immune to the stories of exploitation of persons in several ways

Various laws are made for such offence. These laws are in Article 21(1), Article 24, the immoral traffic (prevention) Act 1956, Criminal law amendment act 2013 and others.

Various schemes are also made for the rehabilitation for women. These schemes can be classified as

1. Ujjawala and Sudhar Grah
2. Anti Human Trafficking Units.

Human trafficking is done not only for sex work but for labour work which is forced. Forced labour takes on many forms. It happens throughout oversees through force, fraud or coercion. Victims are made to work for little or no pay, very often these victims are forced to manufacture or grow the products we use and consume every day. Victims of forced labour can be found in factories and farms, doing construction work and more. Victims of domestic servitude are hidden in plain sight where they are forced to work in homes across the country. Their traffickers sometimes take their identification paper and travel documents in order to limit their freedom and to keep them anonymous. They are prisoners working as maids or domestic help. Every year in India thousands of human trafficking cases are reported but many more go unnoticed. That is because human trafficking is a hidden crime. Victims of human trafficking might be afraid to come forward or we may not recognize them, even it is happening right in front of us. We need to bring this crime out of the shadows and to take a stand against modern-day slavery and help combat this heinous crime by raising awareness of human trafficking around the country.

But we can't do it alone we need your help so what you can do to stop human trafficking? Be an informed consumer, know who makes the products you buy and food you eat to help keep slavery tainted items out of your home. And finally recognize and report suspected human trafficking.

To report in India, call Shakti Vahini on +91-11-42244224, +91-9582909025 or the National helpline childline on 1098.
