## Editorial

Come April, and it is time to put ourselves to the bitter sweet task of wrapping up the session. While the realization of successful completion of the programmes and another exciting academic year fills hearts with contentment, it is also time to bid farewell to the final year students. Human mind is so vulnerable that it holds every association closely to the heart, despite well knowing its transience. However, these are the attributes that make us all humane and sensitive also. At Subodh, we try to nurture these values among the young souls so that when they step out of the college into the outer practical world, they are successful not only as professionals but also as socially responsible individuals.

As you all gear yourself up for the final semester exam preparations, the Newsletter editorial team on behalf of the Subodh family wishes you luck and success.

May you achieve all your goals and fulfill all your dreams in life!!

## From the Principal's Desk

Another academic session is ending, bringing with it new expectation, aspirations, hopes, promises and of course new achievements. With the rise in climatic temperature, the exam fever is also mounting high day by day. Throughout the session, students have showcased their versatility and exemplary talent, which I hope will reflect in their performance in upcoming exams also. I wish them good luck and academic success.

I want my students to remember that the marksheets cannot be considered as the sole evaluator of one's aptitude, as every student has a unique skillset or specialty, which makes him/her different from others and, which cannot be scaled on mark sheets. So explore yourself and bring out your potential to reshape and refine the world around. Beyond these academic assessments, myriad opportunities are waiting for all of you, which will enable you to rediscover yourself and start afresh in a direction, best suited to you.

You have new exciting days to mark your destiny and now is the perfect time to pursue a new and fresh beginning. So prepare, gear and cheer yourself up!!!!

## Speak your 'Self'

### Mindfulness - Key to happiness

Dr. Suprithy Paliwal  
Department of Psychology

Many a times, you must have experienced that you were eating your food and did not even realize that the food was over. This happened because you were in an autopilot state and you did not realize that your mind was wandering elsewhere. Harvard psychologists, Matthew A. Killingsworth and Daniel T. Gilbert found that people spend 47% of their waking hours thinking about some thing other than what they're doing, and this mind-wandering typically makes them unhappy. We spend a lot of time thinking about something that is happening around us, something that took place in the past and even something that might not have even taken place. By doing so, we often fail to notice the beauty of life, and only think mechanically, thus harming ourselves.

From ages, philosophical and religious traditions have taught that living in the moment gives us happiness and, mindfulness is that basic human ability that helps us to be fully present, aware of where we are and what we're doing, and not be influenced by what's going on around us. Mindfulness is being completely engaged in the present experience - the here and the now.

Practicing mindfulness - The formal practice of mindfulness is done by meditation and informally it can be done by being fully aware.

Benefits of Mindfulness- It reduces stress, anxiety, depression, insomnia, lethargy and other destructive emotions. It increases physical and mental well being, enhances focus and attention, sharpens memory and so on. Mindfulness is also very effective for pain management. The more mindful you are, the happier you will be ...

### भूल ना जाना

कल से उठे कदम नए मोड़ पर मुड़ जाएँगे..  
नए लक्ष्य बाँहें फैलाए स्वागत में लग जाएँगे॥  
नयी राहों पर, नए सफ़र पर सुबोध में बिताए हर लम्हे याद आएँगे..  
भूल मत जाना उन आदर्शों को जिनमें बांधे रखा था सुबोध ने सब को॥  
कल से उठे कदम नए मोड़ पर मुड़ जाएँगे..  
नए लक्ष्य बाँहें फैलाए स्वागत में लग जाएँगे॥  
सुबह सुबह वो कॉलेज की घंटी का बजना ....  
अपनी अपनी कक्षाओं की तरफ सबका रुख करना॥  
वो टीचर का क्लास में आना ...  
कभी विषय तो कभी जीवन का पाठ पढ़ाना ॥  
भूल मत जाना उन ज्ञान से भरे शब्दों को ...  
जिनमे भिगोया था हर एक शिक्षक ने सब को ॥  
कल से उठे कदम नए मोड़ पर मुड़ जाएँगे..  
नए लक्ष्य बाँहें फैलाए स्वागत में लग जाएँगे॥  
क्लास से बंक मार कर वो सिनेमा हॉल को जाना....  
दोस्तों के साथ पूरा दिन मस्ती में गुज़ारना ॥  
कभी लड़ना तो कभी साथ निभाना...  
मगर हर वक़्त दोस्ती का फ़र्ज़ निभाना ॥  
भूल ना जाना उस हर एक पल को ...  
जिन्हें यादगार बनाया था दोस्तों ने मिल कर ॥  
कल से उठे कदम नए मोड़ पर मुड़ जाएँगे..  
नए लक्ष्य बाँहें फैलाए स्वागत में लग जाएँगे॥  
वो सांस्कृतिक कार्यक्रमों की तैयारी में जुट जाना...  
दूसरों से बेहतर करने को दिन रात एक कर देना ॥  
डान्स और गानों की प्रैक्टिस के बहाने....  
कॉलेज में तेज़ म्यूज़िक का चलाना ॥  
भूल ना जाना हर उन लम्हों को ...  
जिन्होंने जीना सिखाया था हर एक पल को ॥  
कल से उठे कदम नए मोड़ पर मुड़ जाएँगे..  
नए लक्ष्य बाँहें फैलाए स्वागत में लग जाएँगे॥  
वो हर महीने परीक्षाओं का आना और नींदें सबकी उड़ा जाना ॥  
यूनीफ़ॉर्म का ना पहनना और फ़ाइन की पर्ची का कटाना ॥  
भूल ना जाना हर उस अनुशासन की आदत को...  
जिन्हें कूट-कूट कर भरना है सुबोध का सपना॥  
कल से उठे कदम नए मोड़ पर मुड़ जाएँगे..  
नए लक्ष्य बाँहें फैलाए स्वागत में लग जाएँगे॥मंज़िल करीब आएगी...  
अपने कदमों पर यक़ीन रखना सपने सभी पूरे होंगे...  
बस मेहनत में कमी ना होने देना जब भी परिसर के सामने से गुज़रना...  
झुक कर इसे सलाम ज़रूर करना॥  
कल से उठे कदम नए मोड़ पर मुड़ जाएँगे..

## करें अभिनन्दन शताब्दी वर्ष का.....

डॉ. शिप्रा पारीक

भारत की धरा ज्ञान-विज्ञान से अनुप्राणित है। भारत के ऋषि-मुनियों ने सूक्ष्म ज्ञान प्राप्ति के लिए वर्षों तपस्या की है। महती विशेषता यह है कि एक विषय को केन्द्रित कर उसे सांगोपांग रूप में जानने में चाहे जितना समय लगे। हमारे महर्षियों ने उसे पार पाया है।

**इसी ज्ञान और शिक्षा के कारण हमारा भारत 'विश्वगुरु' है।**

इसी पुण्य भारत भूमि में हमारा 'सुबोध संस्थान' ज्ञान-विज्ञान में अग्रणी अपना शताब्दी वर्ष मना रहा है। 'सुबोध' की स्थापना मात्र चार बालकों से हुई और वर्तमान में लगभग 32000 बालक-बालिकायें शिक्षा प्राप्त कर रहे हैं।

नर्सरी से स्नातकोत्तर एवं पीएच.डी. शिक्षा के लिये सर्वोत्तम शिक्षण संस्थान सुबोध है। पुरातन से नूतन विषयों का सम्मिश्रण ज्ञान के नित ऊँचाईयों के आयामों को स्पर्श करता हुआ हमारा सुबोध शताब्दी वर्ष मना रहा है। इसका अभिनन्दन व वन्दन हम सभी कर रहे हैं। इसकी शाखायें नित पल्लवित पुष्पित हो रही हैं। 'शाखा' शब्द का अभिप्राय ही है 'खे शयन्ति' अर्थात् जो खे आकाश को छुये।

'सुबोध' की 19 शाखायें इस अवधि में पुष्पित हुई हैं। आगे हमारा यह सुबोध रथ 'वसुधैव कुटुम्बकम्' की भावना से ओत-प्रोत होकर नित प्रगति पथ पर समानता के भाव से बड़े यही सुबोध परिवार का प्रणम्य भाव है।

## गुरु

अंकित भारद्वाज  
बी.ए. सेमेस्टर IV

माँ-बाप ने चलना तो गुरु ने पढ़ना सिखाया है।  
ये गीत ये कविता मुझे गढ़ना सिखाया है।।  
हर संघर्ष में गुरु ने सदा ही साथ दिया मेरा।  
गुरु ने सदा हर मुश्किल को आसान बनाया है।  
माँ-बाप से बढ़कर हमेशा सदा प्यार दिया मुझको।  
जीवन कैसे जीना है ये सदा ज्ञान दिया मुझको।।  
बस गुरु की ही खातिर तो मैं इतना बढ़ पाया हूँ।  
जब-जब टूटता हूँ, मैं सदा साहस दिया मुझको।  
बस मेरा निवेदन है गुरु का मान रखना तुम।  
हर मोड़ पर जीवन के गुरु का ध्यान रखना तुम।।  
मिलने पर यूँ कभी बाद में ना मुख मोड़ तुम लेना ।  
सब भूल जाना पर गुरु की पहचान रखना तुम।।

## Radha-Krishna - An Immortal Love Story

Ms. Anu Malhotra  
Department of Chemistry

India is truly a land of diversity, where immortal love stories can be found next to legendary war stories in which valiant kings fought for both their kingdom and love. History and literature is replete with famous love stories -Anarkali-Salim, Prithviraj-Sanyogita, Dhola -Maru etc. But the story that is an epitome of unconditional love, devotion and sacrifice is the Radha-Krishna love story. They are names that cannot be taken without each other. Radha is always remembered as Krishna's *Antarang Shakti*.

Born to the chieftain of Barsana in the month of Bhado at 12 noon, it is believed that Radha who was actually older than Krishna, did not open her eyes till he took birth. When Krishna had to leave Vrindavan, he knew he had to leave everything behind, including Radha. She did not try to stop him as she knew they would always be together on a spiritual level. Their love was above the physical world and beyond the realms of the universe. But when Krishna actually left, Radha was heart-broken and devastated. Such was Radha's devotion and pain that Krishna granted her a boon that her name would be taken before his name; "Radhe-Krishna". Mythology says that, once Radha and the Gopis went to Kurukshetra for a holy bath on solar eclipse and Lord Krishna was there with his wives and whole clan. There they were face to face with each other, but both did not utter a word. Radha saw how happy Krishna was and did not want to disturb his life. Tears welled in her eyes. Krishna was also in pain as he couldn't express his emotions for the girl he had loved the most in his life. The selfless and undemanding love of Radha compelled the Sanskrit poet Jaidev to write in his book Gita -Govinda-"Krishna bows down to touch the lotus feet of Radha rani". On second thoughts, he felt hesitant, as he did not want to diminish the Lord's glory. When he went to take bath, Lord Krishna assumed Jaidev's form and wrote the above lines, thus saluting Radha's sacrifice.

Love is the most powerful emotion one can experience. Being deeply loved by someone gives strength, while loving someone deeply gives courage. Love is when the other person's happiness is more important than one's own. Great love demands great sacrifices!
