14. Whether AQAR was placed before statutory body ?

Yes

body ?	
Name of Statutory Body	Meeting Date
Presented in the IQAC Core Committee Meeting	24-Aug-2021
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	Yes
Date of Visit	28-Aug-2017
16. Whether institutional data submitted to AISHE:	Yes
Year of Submission	2020
Date of Submission	28-Mar-2020
17. Does the Institution have Management Information System ?	Yes
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	The use of ICT in any academic organization has rapidly increased now a days due to its effective use in various academic and administrative activities. In the initial stages of its development, the main purpose of management information systems (MIS) and its usage is to improve the efficiency of various administrative processes. In the institution, the MIS is majorly implemented in the areas of admission, examination and library management system. The admission in various streams is done on the merit basis, so merit lists are generated through MIS and displayed on the college web portal. In the examination system, the MIS has been used to maintain the attendance of the students, generate results, distribution of mark sheets and various other tasks. In library management system it is used to generate the ID cards and library cards of the students and also to manage the entries of books that are issued and deposited. The college web portal is also managed through MIS which is used by various stakeholders - College Administration,

Faculty members and Students. The faculty members use the web portal to upload various econtents related to the syllabus and also to give assignments to the students. The students are able to generate their admit cards, fill readmission forms, apply for revaluation, etc.

1.4 – Feedback System	.4 – Feedback System					
1.4.1 – Whether structured feedback received fr	om all the stakeholders.					
Students	Yes					
Teachers	Yes					
Employers	Yes					
Alumni	Yes					
Parents	Yes					

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

Our college has a powerful, systematic, sequential, goal-driven feedback mechanism. According to the college feedback system is "Heart" of the institute which means that the institute cannot grow without a well-structured feedback system. Yes, our college takes feedback in diverse manner from various stakeholders of the organization. . The College has designed a Student Feedback Form which is to be duly filled by the students as an assessment of the teaching program and College infrastructure. For this, college has provided them a separate dedicated link as "Student feedback "on the College Website. These feedbacks are reviewed by respective committees and then they convey their report to Principle or management for further action. The Staff Council meetings, Academic Council meetings, at the beginning and various times in a whole session, the alumni meet during the session and Administration meeting with Non-Teaching staff are a regular feature of College Administration setup. The feedback so received is incorporated in the revised and updated by the administration. At the end of each academic session, the Principal convenes an Academic Administrative Audit with teachers to discuss academic planning and devise and/or revise pedagogical strategies based on the faculty's experience and feedback. The Staff Council Meeting on the opening day of the session recapitulates the decision for implementation of new pedagogic strategies and programs. Analysis of the feedback data is important information available to the teachers to assess the aspects that need to be worked upon to improve the teaching outcomes. It helps fill an important gap between what works in theory and what actually takes place in the classrooms. We believe that it is one of the most powerful instruments available that makes a teacher student relationship two ways. Parents Feedback: In the end of the session our college call for parents' meet and get feedback from them. They give suggestions concerning the curriculum of their wards that is duly cited with the aid of the applicable individuals within the college. This feedback is used to understand needs of the students and improve their results. Alumni Feedback: Alumni give a feedback on how their years in the college have helped them to perform batter on their work places. They actively participate in the activities of their respective departments, hold workshops, deliver seminars and facilitate preplacement discussions, career counseling workshops and career placements. They give constructive tips on helping the students gain extra recognition and improving themselves. This is also utilized to enhance their collaboration and cooperation in various activities of the college.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.1.1 - Demand Ratio during the year

2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Yes, The student mentoring system is introduced in the college. Mentor works for finding out hidden talent of the students in various aspects of curricular, extra-curricular and co curricular activities so that they can be encouraged to do different activities in the relevant area for their overall development. There is a structured system for student mentoring which is interwoven and embedded in the learning environment created in the college. The Guru Shishya Parampara is the foundation of that system. The developmental needs of each student is different and recognising that the teachers were closely as mentor with each student. This facilitates and illuminates the path of growth and progress, leading to bright personal and professional future. This is a small but important step towards the mission of Nation building. The student support system comprises of Mentors, HOD's, Vice-Principals, Deans, and Coordinators of various committees. The support system functions through several units such as departmental Mentoring System, Training and Placement cell, Grievance Redressal cell, and Game Committee and committees for all other extra-curricular activities. Two meetings are planned between students and mentor in a year (one in each semester). Besides this the mentor meets the students in groups and individually whenever needs arises. Such meetings enable mentors to identify and help the academically weaker and economically needy students. The mentor also contributes to the physical, psychological, social and spiritual development of the students. The college achieved the autonomous status in year 2013 and to provide assistance to students and to cater to their needs at each level it introduced the hierarchical mentor system. It has been observed that the quality of students in terms of educational output has improved a lot with the mentor system. Functional Characteristics of Mentor System: . The mentors are responsible for their group of students from the day of their admission and keep a close watch on their regularity in terms of attending the classes as well as academic and "beyond classroom scholarly activities" progression. In case of prolonged absenteeism without information, the mentors follow up with the student to find out the cause via phone calls, SMS or sending letters to their postal addresses and taking necessary action if required. Mentor Nominates class representatives (CR) in their respective classes on the basis of regularity, punctuality and good academic record of the student. Class representative are always ready to help their classmates by helping them solve their issues or conveying their issues/Problems to the mentors. This is an initiative of the institution which helps in developing leadership, social responsibility and liability among the class representatives. They also act as peer mentors. If a student is considering discontinuing with the opted course then the mentors counsel the student to take appropriate decision after weighing the pros n cons of the same. Mentors pay personal attention to each and every student regarding his/her performance in continuous internal assessment (CIA) and semester and exams. The mentors display a sense of positive attitude and enthusiasm

All labs are well equipped. The College information and communication technology committee (ICTC) is responsible for maintaining the Computer lab. Short term computer courses are organized for students, teaching faculty and staff from time to time. The Psychology lab is maintained by Psychology

department. The Research labs in respective departments maintained by departmental research Committees. Library: The Library Advisory Committee headed by the Principal is constituted to look into the smooth and efficient functioning of the Library. It also tackles issues relating to library facilities. There is a librarian with supporting staff to help student and teaching faculties in searching and lending books in the library. There are 94,218 Text-books, 30,876 reference books, 3,91,451 e-books in the library. At the time of admission, students are issued digitized library cards which will be valid till their final semester. Internetfacility is provided in the library and students can access the facility for availing e-resources and other webbased information. Photostat facility is also available in the library. These facilities can be availed on nominal payment with due permission from the librarian. The library is under CCTV surveillance. Sports complex (indoor and outdoor): The Sports Committee of the College is in-charge of the sports complex and equipment's. The College has a huge Cricket Ground, Basket Ball Court, Football Ground, Lawn Tennis Court, Badminton Court, Squash Facilities, Gymnasium, Table Tennis Court and Short Rifle Shooting Range. The College has group division for competition among the students and to showcase their talents. The committee supervises the Grounds man and Grade IV staffs assigned for ground, courts, indoor stadium maintenance and repair works. Computers: The College information and communication technology committee (ICTC) is

responsible for the maintenance of computers and smooth functioning of the network facilities in the College. They also look into the College website, upgradation, biometric services, procurement of hardware and software and other items related to computers.

5.3.2 – Activity of	Student Councils of the institutio				f student	s on acade	emic & adr	ninistra	ative
odioc/committee									

The student council of the college comprises of class representatives from all classes of all streams. These representatives are selected on the basis of merit in both academics and conduct. They act as a link between the class students on one side and the teachers on the other. They represent the student view and feedback on matters of academics, discipline, co-curricular and extracurricular activities. They also from an important part of various clubs like Science Club, Commerce Club, Humanities Club, Feedback Committee, Green Club, Environment Club etc. Student council members bring ideas, requests and feedback to the meetings and a democratic process is used to give them a voice and make decisions in creating the academic calendar. Students, who participate in student councils under the supervision of a teacher or administrator, learn about the democratic process, civic responsibility, leadership, problem solving and teamwork. The student council listens to the views, opinions and ideas of all students in the college. They provide support on a confidential basis for students with problem. They provide the management with information about the opinions of the student body and give feedback to the student from management. Last but not the least they create a positive college atmosphere by providing students with a sense of ownership.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

Alumni are the brand ambassadors of any Institution reflecting its reputation and values. The college has a registered Alumni Association under the name "Subod Purva Chhatra Parishad". There are 8805 members in this Association. Every year a get-together of Alumni association is held which ends up with a meeting. In this meeting various important issues related to the Institution and the role of Alumni's in it are discussed. The activities of the alumni association are: Organizing seminars, workshops and training programmes for teachers Interactive sessions with renowned entrepreneurs, senior academicians and well known personalities from all walks of life Campus placement drives by the Industrialist Alumni Counseling regarding job avenues as and when required Provide feedback and suggestions on curriculum design and infrastructure "Subod Purva Chhatra Parishad" have constituted "Suyash: Subodh Distinguished Alumni Awards 2019-20" in various catagories for felicitating distinguished past students of the college with remarkable achievements in their respective fields. Subodh Alimni links are active on Facebook and Telegram.

5.4.2 - No. of registered Alumni:

8805

5.4.3 – Alumni contribution during the year (in Rupees) :

1052500

5.4.4 – Meetings/activities organized by Alumni Association :

Annual Meeting: The Alumni association holds its annual meeting on regular basis. The general development report of the college is presented to them by the convener of Alumni Association Committee. The committee discusses various developmental aspects which could be applied for the benefits of the students and the college. Appraisal Meeting: The office bearers of Alumni association hold their appraisal meeting every year in the month of July. Various developmental works that had been taken up in the college is discussed during the annual meeting. Further to this, representative of college staff presents during the meeting discussed the road map for proposed developmental works and get the feedback on the same. Sponsorships are also provided by them to the college.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Practice 1. The success of an institution is the result of the combined efforts of all who work towards attaining its vision. The active involvement and cooperation of the management, Principal, Faculty, staff and student in devising and implementing, decision making policies, for governing academic and administrative affairs through various committees have contributed to the growth of the institution. Institution focuses on decentralization by intending equal opportunity to everyone with the spirit of inclusiveness. The Institution management comprises of management committee, college governing council and various other committees. Each committee has been provided with specific functions that cater to the needs of institution, for its ongoing progress and development. Management committee takes care of infrastructure facilities of the Institution. It also extends all the amenities for the teaching, nonteaching faculty and students. College Governing Council takes care of financial management and the implementation of facilities for the institution in order to upgrade the standard of amenities which supports effectively the teaching, learning and research aspects. It guides and articulates the available resources and provides freehand to the head of the Institution to carry out the activities in order to motivate the teaching and non-teaching faculty to give their best in achieving the set goals. At Principal Level: Principal is the member secretary of the governing body and chairperson of the IQAC. Being the head of the institution, Principal is in consultation with the teachers of different committees for planning and implementation of different academic, student, administration and related policies. All academic and operational policies are based on the unanimous decision of the governing body, the IQAC and the teachers of the college. At Faculty level: Faculty members are given representation in various committees and cells nominated by the Principal and the Governing body, in the IQAC and other committees. Every year, the composition of different committees is changed to ensure a uniform exposure of duties for academic and professional development of faculty members. At student level: For the development of students, various cells and clubs are established at college level. Students are empowered to play important role in different activities. Functioning of different roles and responsibilities at various clubs and committees for further reinforcement and decentralization At Non-Teaching Staff Level: Non-teaching staffs also represents in the governing body and the IQAC. Suggestion of non-teaching staff are considered while framing policies or taking important decisions. Practice 2: For effective Participative Management: - The institution promotes the culture of participative management at the strategic level, functional level and operational level. Strategic level: - The Principal, governing body, Teachers and the IQAC are involved in defining policies procedures, framing guidelines and rules regulations pertaining to admission, examination, code of conduct-discipline, grievance, support services, finance etc. Functional level: Faculty members share knowledge among themselves, students and staff members while working for a committee. Principal and faculty members are involved in joint research and have published papers. Operational level: The Principal and faculty members interact with government and external agencies faculty members maintain

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Teaching and Learning	 a. Development of more smart class rooms with state of art facilities. b. Use of more LCD and laptops in teaching and learning. c. Implementation of various new approaches in course curriculum d. Extensive use of online teaching and learning resources (INFLIBNET) e. More MoU's for student exchange programs me.
Industry Interaction / Collaboration	 a. Industry experts are invited for motivating students and provide practical knowledge. b. Strengthen campus placement and training facility by making more industry linkage. c. To Promote students to work on real projects for industry. d. Compulsory internship is imposed in BBA, BCA and other professional courses. e. There is separate provision for fellowship, scholarships to students. f. Healthier conversation with students through counselling and discussions on the subjects and current issues. g. A mentor-mentee (student-teacher) scheme is regulated in the college. h. Help has been given to students to get internships. i. The institution has a placement cell.
Human Resource Management	 a. Organize more faculty development programme. b. Motivate faculty members for research work c. Motivate and depute teachers to orientation courses and refresher courses d. Promote faculty exchange programme.
Research and Development	 a. Educational linkage in terms of more MoU with premier institutions and take up collaborative research projects. b. Promote participative of staff member in FDP'S like refresher and orientation programme. c. Promote interdisciplinary research. d. Set up separate research labs for other subjects of science/commerce. e. Promotion of publication in indexed research journal. f. Promote faculty member to have at least one major/minor projects.
Admission of Students	 a. Counselling is conducted before and after the admission process. b. Admission is through online as well as offline mode. c. Admissions of the students are taken on merit basis. d. Three to four merit list were displayed for admission.

Examination and Evaluation	 a. Examination is based on semester scheme b. Two semesters in a year are held c. In each semester two CIAs were conducted to continuous evaluation of student's performance. D. Evaluation of answer sheets by External Examiners. E. Assignments. F. Feedback system from teachers, students and parents
Curriculum Development	 a. Motivate students to participate in curricular and co-curricular activities b. Students need to follow a Code of Conduct including uniform c. Maintain the record of the students in terms of attendance during classes and CIA and Semester end Examinations. d. Field work e. Projects, Debate, Assignments and tests, Class discussion and Visit to industries. f. Seminars and workshops for the students and Extracurricular activities.
Library, ICT and Physical Infrastructure / Instrumentation	 a. Digitalized library with bar coding and Wi-Fi faculty. b. College has a fully furnished library with a large number of reference and text books. c. A large number of e-books and e-journals subscription is available. d. A large number of journals of all streams are available. e. More than 30 newspapers are available. f. All faculty memberhas their INFLIBNET account to access online reputed journals. g. Streamwise separate floor and arrangement of books

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Finance and Accounts	 a. With the aim to produce immediate information in finance and accounts i.e. "single click accounting". b. This section of college is partially e- governed. The college uses the Tally ERP 9.0 for the transparent functioning of accounts department. c. The same software is used to generate various reports like consolidated day book general day book and daily cash collection report.
Student Admission and Support	 a. Student admissions are implemented both on online and offline mode b. Online links are developed so as to fulfil the need of student admission and support. c. Online links are used for online admission process. d. As the admission process is semi-online, admission forms are also provided. Student submits printouts and required

	documents at respected counters e. Th online process is also used for stude support like issuing.
Examination	 a. Paperless communication between exam and other departments, examination. b. To generate seat numbers, hall-tickets c. To generate class wise roll call list for all classes students fee records d. Prin the exam seat number wise list. e. Seating arrangement for university exams. f. Preparation of results.
Planning and Development	a. To use ICT in the process of planning college events and activitie b. Institute uses personal e-mails. Important notices and reports are als circulated via e-mails. c. E-Governan is the integral Group insurance d. I aims to minimize the manual efforts a improve the communication, create transparent system, and to be cost an time effective e. To facilitate the same, college is using software with students, examinations, finance accou employee library modules.
Administration	 a. To achieve the target of paperle IQAC, Committee members of it were using google facilities like b. Googl sheet: for data collection from vario departments. c. Google-docs: to prepar otices and activity reports. d. Googl forms: to prepare feedback forms and get online feedbacks from students ar parents. e. Google-drives: to keep al departments wise proofs. f. The colle has Biometric attendance for teachin and non-teaching staffs. g. The colle campus is equipped with CCTV cameras installed at various places of need. To surveillance on mobile by principa Latest software is available for surveillance on computer for college authorities. i. ICT has been introduc in the administrative work j. Colleg staff uses smart phones with inbuilt social app like Gmail to communicate WhatsApp groups help to provide the brief notices of any event to be happened on college i. WhatsApp group are also used for awareness and on smooth functioning of the same

6.4 – Financial N	lanage	ment ar	nd Re	esource	Mobilizat	ion		•			

6.4.1 - Institution conducts internal and external financial audits regularly (with in 100 words each)

The College maintains a proper mechanism for internal and external audit. Audit is performed in three tire manner in which internal, statutory and Government departmental audit take place. Internal Auditing: College Administration is responsible for the preparation of financial statements that give true and fair view of the financial position. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements. Firstly, the college has a designated college auditor, appointed by the management who checks all accounts quarterly. During internal auditing, the complete accounts are checked intensely. The auditor is responsible for the following: Checking of individual Voucher, Entries according to the proper heads decided during budget heads, Receipts and payments made during the session, Expenditure statement verification, Verification of Bank Reconciliation, Budget heads posting, Income- Expenditure statements' verification, Matching of Fee receipts with actual admission, Liabilities checking that include TDS, ESI, PF etc. Statutory Auditing: In Addition to the internal auditing, towards the end of every financial year, Subodh Shiksha Samiti also appoints a certified Charted Accountant for re-checking the final accounts i.e., Statutory Auditing. The responsibility of the auditors at this stage is to express an opinion on the financial statements after conducting the audit. They conduct the audit in accordance with the standards on auditing issued by the Institute of Charted Accountant of India. For following those rules, it is necessary that the firm has to comply with ethical requirements and perform the audit honestly to obtain reasonable assurance about whether the financial statements are free from material misstatements. To achieve this, the CA firm takes internal Audit report and performs the following: • Intensive checking of Trial Balance Sheet • Matching of Income Expenditure statements . Assessment of Balance Sheet Government Departmental Audit: Audited final reports are then sent for Government Audit. All the accounts have been verified till 2012 by the Government after that the records are pending for the approval. The college attaches a lot of importance to the maintenance of proper accounts. This is reflected in the organization of audit and accounts department. College administration personally ensures that auditing happens smoothly and timely.

6.4.2 – Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III)

7.1.2 – Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:

Percentage of power requirement of the University met by the renewable energy sources

1. Sleep mode of computers and monitors have been activated to save electricity. 2. Science day, debate, poster competition and other events are organized on the theme based on Energy saving conservations 3. LED lights are used to reduce energy consumption. 4. Limited access to lift and elevators especially for physically challenged students and staff members reduces energy consumption. 5. Single switch boards have been installed in every class room whereby all lights and fans can be switched off by single switch. 6. Earth Leakage Circuit Breakers (ELCB) are installed at various locations in the campus to prevent any leakage and protect other electrician installation. Energy Renewable: 1. Installation of solar lights in the college campus. 2. Installation of Solar plants of 40 kilowatts fulfill about 12 of the energy requirements of the college. 3. Solar water heaters have been installed in girls hostel

7.1.3 - Differently abled (Divyangjan) friendliness

7.2 – Best Practices		. Green Club	
7.2 – Best Practices 7.2.1 – Describe at least two		5. Green Club	

for promoting environment consciousness and sensibility among students through practical exposure. Extension Activities of the Institute 1. The College management has set an example by donating a cheque of rupees One Crore in Chief Minister's Relief Fund during COVID-19 Pandemic and distributed food packets to the needy daily. Such example also motivated students for their social responsibility 2 .Personality development through extension activities NSS (3 Units), NCC (3 units), Rovers (4 units), Rangers (2 units) and Red Ribbon Club (6 units). 3. The various events like Youth meet, Blood Donation Campaigns, Marathon (World book of Records holder), World Population Day Rally, Self Defence Camp in association with Rajasthan Police, Educational Tour, Alumni Meet, Tree Plantation Campaigns, Clean City Campaigns were organized during the year for the overall development of students. 4. Adoption of village 'Tankarda' (Jaipur District) to take care regarding adoption of various Government Schemes, Aadhar Card, Bhamashah Card, Accounts of villagers availing of agricultural subsidies and solar subsidies etc. 5. Association with Durgapura and Pinjerapol Sanganer "Gaushala" Jaipur Outcome 1. Better student performance and an increase in student employability. Through this the student demand ratio for different courses has also increased 2. Few of the students have cleared competitive examination like Civil Services, Banking Services, Chartered Accountant, Company Secretary, Cost and Management Accounting etc. 3. During COVID-19 lock down phase 15 NCC cadets worked as Corona Warriors under the guidance of Jaipur Police 4. Subodhians are actively engaged in rendering their services in slum areas of Jaipur. Event coordinators with the students are creating awareness as well as supporting them in adoption of healthy living environment. 5. Students also received certificate from World Health Organisation for COVID-19 Awareness video, which shows the creativity towards ethical value. 6. Eight students of MAJMC course rendered their services in the prestigious Jaipur International Film Festival in the year 2019-20, which provided them practical exposure Practice 2) Techno Savvy Infrastructure Background 1. The institute has received Under Graduate and Post Graduate Development Grants for scientific development from University Grant Commission during the year. 2. The college also received DST-FIST grant from DST twice during the year 2004, 2012 and 2020, through which extensive state of the art infrastructure was shaped, developed and enriched in techno savvy manner. 3. From Department of Biotechnology, Government of India, institute were conferred with the DBT Star status and received grants for further enrichment of laboratory facilities. 4. Received research grant in various major and minor projects related to scientific fields. Design 1. The college has well equipped techno savvy laboratories. The laboratories (Physics, Chemistry Botany, Zoology and Soil lab) are enriched with all types of equipment's, machines, apparatus, specimens, flora-fauna and chemicals for various types of experiments. 2. Institute has extensive 46 laboratories, 03 research labs, 1 Soil Lab, 1 Language Lab and two Botanical Gardens 3. Language Lab is full of interactive sessions where students learn about pronunciations, diction, accent etc. Geography lab is full of discoveries where the students can locate altitudes, longitudes and latitudes. Computer lab is fully equipped with latest software and technical upgradation, networking where students get all the information related to Information Technology. 4. Five smart class rooms, One V-Sat class room and One Video Conferencing Room for live sessions, discussions, interactions and online teaching 5. There is also a Centralized Announcement System, where messages can be easily and timely announced through this facility. Key Highlights 1. Well-equipped chemistry lab with UV Visible Spectrophotometer, Atomic absorption Spectrometer, Flame Photometer, Conductometer, pH Meter, Soxhlet Extractor, Polarimeter etc. 2. Well-equipped Physics Lab with Battery Tester, Visible Spec, Electronic Balance, impedance Analyzer and Helium Neon Setup, Thin Film Coating Unit, Muffle Furnace 3. Atomic Absorption Spectrophotometer, Digital Melting / Boiling Point Apparatus, Flame Photometer, Vector Network Analyzer, Autoclave, Incubator, Keithley

Meter, Battery Tester, Electronic Balance and Impudence Analyzer Laminar Air Flow, Microtome, Rotary Flask Shaker, Tissue Homogenizer, Soxhlet App, Spin Coater, Vacuum oven, Rotary Shaker, Spectrophotometer and Visible Spectrophotometer with well-equipped Computer Lab and Life Sciences Labs. 4. Appropriate instruments to extract harmful chemicals from big containers along with adequate safety measures like gloves, glasses and lab coats etc. for the lab assistants 5. For safety measure the college has fire safety set up available at every corner of the building 6. Institute has tie-up with E-waste Recycler ETCO for Scrapping of discarded E-waste, In-house Repair of Computer Equipment, E-waste Collection Drop Box as environment safety measures 7. Biomedical waste (Safe Disposal of Chemical in the Labs), solid waste management through colour coded bins 8. To facilitate divyang people, divyang friendly infrastructure is there. With availability of Elevator and Ramp 9. Polycom HDX 7000 Videoconferencing Unit for delegates, scholars, students etc. 10. Fully Wifi campus and Lease line facility of 45 MBPS to provide internet connectivity to staff and students 11. In this COVID-19 pandemic virtual college is run to provide classes in online mode Outcome 1. Scientific infrastructure increased the knowledge of scientific solution to various problems 2. More practical exposure of students in participating competitions like Working Model, Poster Presentations etc.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

http://www.subodhpgcollege.com/IQAC/bestpractice/2019-2020.pdf

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

In more than six decades Subodh College is encouraging and promoting to students to participate in various extracurricular and sport activities as a part of its mission and following are some major achievements due to best training practices and infrastructure: 1. College holds 'Rajasthan University General Championship' amongst all affiliated Colleges since last eight years. 2. Ten International players with 12 medals in Archery, Cricket, Table Tennis, Hand Ball, Cricket, Badminton and contract of 9.6 Crore (2018-2020) with IPL, Board of Cricket Council of India and Recipient of 45 medals at National level, 63 medals at State Level. 3.
