

## ABOUT CONFERENCE

India has emerged as the fastest growing major economy in the world. As a nation of diversity: social, religious, regional, geographical, political, economic, it has been going through dynamic transformation that needs to be analyzed at multiple levels. Our country is going through a transition period which is full of endless opportunities and challenges simultaneously. Economy of a country is determined by various factors such as social unrest, political upheaval, climatic changes and international relations. All these features are instrumental in shaping the present and future of a nation. In Indian context, several contrasting features are constantly influx with each other, in making the vision of India, and also as a developed country It seems an extraordinary task. It's a worldwide fact that the resume of Indian economy is consistently being updated that is visible in: demonetization, GST, digitization and Make in India programmes. With the improvement in the economic scenario, there have been various investments in various sectors of the economy. All these features are impressive and efficacious but still in process and awaiting more conclusive credentials. This is the high time to initiate a settlement to enhance a holistic understanding of this transition period when India is on the path of Development.

We need to take into account the Domino effect triggered by plural variables such as environmental changes, agricultural growth, social issues, literacy and many other blocks. It is required to grasp the contrasts and consequences of various Government policies within the context of productivity and production diversification, environmental issues & sustainable development, inclusive growth & rural management, global agriculture production and food security, social transformation and so on.

The present Conference '**Transformation of India: Opportunities and Challenges**' is an effort to assemble a excess of doubts and queries in order to be able to provide and promote sustainable solution. It has been aimed to witness a nationwide participations and presentations from aspiring researchers and scholars. Several Eminent Economists will be assemble throughout the country and deliver on the concerned topics during these two days, initiating the participants for relevant deliberations. The conference with its focus on recent government policies for make over of India, aims at a holistic approach to understand the changing scenario of Indian economy.

It is an opportunity for youth of today to seek inspiration from past and to contribute towards making new India.

## ABOUT COLLEGE

The college began its long and glorious journey in the year 1954 and since then the institution has never looked back. The college was the first and the only college in Rajasthan to be accredited with 'A' Grade by UGC-NAAC in the year 2004. Later in the year 2011, the college had been reaccredited with 'A' grade with CGPA of 3.72 by UGC-NAAC, which was highest among all re-accredited institutions of Northern India. The college stands at the pedestal of success with the A++ Grade and CGPA of 3.82, which is highest amongst all the colleges in the country in third re-accreditation cycle by UGC-NAAC. This CGPA reflects the quality status of higher educational Institution. Subodh College is progressive Institute of knowledge; actively participating in various social activities in order to fulfill its responsibilities towards the society. It has also been awarded the status of "College of Excellence" by UGC and declared as Model College by Government of Rajasthan.

Accommodation can be arranged upon prior request on payment basis

## VIBRANT *Jaipur*

Jaipur, Rajasthan's capital, is a historical city and the gateway to India's largest state. Liberally studded with tourist attractions, the city is romantically majestic with a beautiful blend of old and new. While on one hand we have colourful streets full of sarees, skirts and jewellery, we also boast of beautiful World Trade Park which has made our skyline worth admiring. Youngest among the Ancient cities of the world the main attractions of Jaipur are the City Palace; the Jantar Mantar; the Hawa Mahal; the Jaigarh with largest canon on wheels; the Nahargarh which floating in sky gazes at the Jal Mahal below; and the grandeur of Amber Fort with its beautiful architecture.

Jaipur is well connected with all major road, train and air routes.
