About Renewbuy

A pure digital Insurance distribution business has become the 2nd largest and the fastest growing Insure-Tech player – by building an extremely differentiated approach from incumbent players. Currently offering Motor, Health and Life Insurance on our platform. Within 3 years of launch, now a 300 Crore annualized business, with more than 650+ employees and operations in more than 30 cities, RenewBuy plans to grow to a 1000 Crore annualized business in 12 months, with 1500+ employees and operating in 50+ cities and keep growing further from there. Along with massive distribution expansion, RenewBuy is looking to widen its product offering across insurance category and offer end to end customer product life cycle solutions.

Job Description:

- Train all partners for them to be able to use the company products.
- Liase between the company and the partners to be able to make sure that the partner is productive
- Deliver on business goals as set by the company through the partners
- Liase with the operations teams to ensure that all processes as set out with the partners are adhered to.
