---	--

About the Conference

Climate change and the exploitation of natural resources have been threatening human civilization. It has led to the emergence of risk societies globally. It is the responsibility of all segments of society to address these issues so that future generations can lead better lives. As India marches toward its centenary of Independence in 2047, the vision of Viksit Bharat (Developed India) demands a holistic developmental paradigm where scientific innovation, social equity, and environmental integrity converge.

NCISSE-2026 is designed as a catalytic platform to explore the interface between Science, Society, and Environment. Through this platform, we are engineering a future that is not only technologically advanced but also socially inclusive and ecologically resilient. The conference aims to initiate a paradigm shift from siloed research to an integrated "Systems Thinking" approach, aligning national research priorities with the United Nations Sustainable Development Goals (SDGs) and the vision of Viksit Bharat.

Conference Highlights

Keynote Plenaries: Insights from eminent scientists and social reformers.

Technical Oral & Poster Sessions: A showcase of peer-reviewed research by young and veteran scholars.

Panel Discussion: To balance between industrial growth and ecological integrity.

Themes

- Science-Society Interface
- Ecological Resilience & Biodiversity.
- Climate Governance & Circular Economy.
- Innovation, Entrepreneurship and Social Impact.
- Gender, Society and Scientific Development.
- Mental Health, Well-being and Technological Interventions.
- Digitalization, AI and Social Transformation.
- Indigenous Knowledge, Environment and Development.
- Energy Transition & Hydrogen Economy
- Policy, Governance and the Future of R&D in India.

About the College

S.S. Jain Subodh P.G. College, Jaipur, was established by S.S. Jain Subodh Shiksha Samiti in 1954. Its aim is to provide value-based education and contribute to the holistic development of society. Over the years, the college has steadily evolved into a leading center of comprehensive learning. It has built strong connections with peers at national and international levels. The college has been re-accredited with an "A++" grade (3.6 CGPA) by NAAC-UGC, the highest in Northern India. The excellence was maintained with an 81st rank among Indian colleges in the NIRF Ranking-2024. It is the only academic college in Rajasthan consistently upholding its NIRF ranking for the fifth consecutive year. The college achieved DBT Star College status under the Department of Biotechnology scheme. It is ranked among the top 100 Indian colleges in national academic surveys by prestigious magazines like India Today, Outlook, The Week, Education World, and Open Magazine. The college has been awarded First Rank in MCA by Rajasthan Technical University, Kota, for the fourth consecutive year, scoring 961 out of 1000 in Quality. The college has also been recognized as "Model College" by the State Government and conferred the status of "College with Potential for Excellence" twice by UGC, as well as "College of Excellence" by UGC. With the vision of "Amrit Nu Vidya," the institution strives to create a stronger Nation with its Youth as its Brand Ambassador worldwide.
